

**The Edgerton Agriculture Society Proudly Presents the**  
**Edgerton Splash Park Project**

The Edgerton Agricultural Society is excited to present our new project to Edgerton and surrounding communities. The Splash Park would be an exciting addition to our Village and allow those living within Edgerton and the Surrounding Communities a refreshing spot to come cool off with your family and friends during the Summer. This project is a large undertaking for those involved in the planning and developing of this project. Splash Parks are sought after projects by many but not always achievable with their high price tag. The Splash Park Committee is dedicated to see this project through as they feel it would provide economic growth and diversity for the community. The picture above is the exact 3D model of the Splash Park BDI Designs from Lethbridge, AB has designed for us.

This Splash Park Project will rely heavily on the support of the community, grants, fundraising and most importantly sponsors. Sponsorship will be a large part of seeing this project through. We have created a Sponsorship Platform for those wanting to be apart of this project and be apart of something great for the community. With each sponsorship you will get a sponsor sign of the sizes listed below and designed to your likings with our local designer, promoted more than once on our Facebook Page (Edgerton Splash Park Project) and top sponsors will be continuously mentioned at all fundraisers, breaking ground ceremony and grand opening! The Edgerton Agricultural Society is also able to offer tax deductible receipts for each sponsorship/donation made the project.

We hope you will take great consideration in being apart of our project that will benefit Edgerton and the surrounding areas for years to come. Please call or text Sheena Larson at 780-842-8813 or Kaylee Waddell at 780-806-6995 to discuss any contributions or questions you may have. Thank you for taking the time to consider our proposal.
